Words by Jennifer Kauten, Kim Sheffield, and Whitney Thomas

Epsilon Tau Chapter

("Brown Eyed Girl by Van Morrison)

Hey where should you go?
We've got a great place,
Your heart you should follow,
And go at your own pace.
Laughing and a hugging, listening and a loving,
Here with all these DZ girls
We want you ..to be.. a DZ girl, be a DZ girl.

Now we have been waiting
Just to see what you will do,
We have been wondering
If you'll be a DZ too.
Walk with my sisters and me
We'll be there all the way.
Here with all these DZ girls all with hearts of gold.
We want you.. to be.. a DZ girl, be a DZ girl.
Keep on remembering... DZ's the way.

So hard to find your way
But you'll never be alone,
Sisters are here to stay
In DZ you'll find a home.
We've got the pink and the green,
Roses and turtles too.
Here with all these DZ girls all with hearts of gold.
We want you.to be.. a DZ girl, be a DZ girl.
Keep on remembering.... DZ's the way.

You can be,
A Delta Z,
& you'll be having the time of your life arms
See that girl, lovin' the pink and green
Diggin' the DZ Queen

Friday night when the sun gets low,
I'm looking out for a place to go.
I can always find a ~~sister~~ DZ,
& then having fun is always easy,
No matter what we do.

Delta Z's a great place to be,
Friends and fun and philanthropy.
Formals, mystery dates, whatever,
We have fun when we're together,
DZ has touched our hearts.

Chorus => And when Bush came her way,
She was a DZ Queen,
Young & sweet & barely 5 foot 3.
DZ Queen
Feel the love of Greek community!
She was once, just like you
And now she's having the time of her life.
See that girl, lovin' the pink and green,
Diggin' the DZ Queen.

Turtles and the Killarny Rose,
Symbols help our tradition grow.
Sisterhood is a bond,
and as time passes on,
It grows forever strong.
